

VCF369

Cabin Filter Location

Makes/ Models

Filter Type: Standard

Honda

Stream (4/01->)

Difficulty: Easy
Time (Approx) 10 Mins

1. Detach the opening of the glove compartment so that it hangs down completely. From here you can see the filter housing
2. Pull the clip up and remove the housing to expose the two filters.
3. Take the filters out in their frames to change the Cabin Filters.
